#### LJUBLJANA PRIDE PARADE 2008

The Nordic Embassies in Slovenia greet the Ljubljana Pride Parade 2008. We find your efforts and this parade an important awareness raising event towards more open discussion, tolerance, non-discrimination and equality of lesbians, gays, bisexual and transgender members of the society.

The Embassies of Denmark and Finland particularly thank the organisers for giving our experts from Copenhagen and Helsinki the opportunity to present our administrative and legal practices at the Conference "*EU – towards more rights for the LGBT?*" and in other meetings during these days in Ljubljana.

We wish you all the best in your activities.
